

EASY FLASH MODULE

EFM 2.0 AND 3.0

The Speed Turtle Easy Flash Module (EFM) brings you a simple and effective way to turn your vehicle lights into a suite of safety flash patterns. The module uses your vehicle's electrical system to control your factory installed exterior lights and is easily transferable between vehicles.

The Easy Flash Module is a great option for police and fire, municipal vehicles, security personal, road workers, towing vehicles and service vehicles.

Features:

- Module can be installed in minutes
- Causes no damage to vehicle wiring
- Toggle, voltage or vehicle button activation
- 4 active modes
- 10 flash pattern options
- Works with select GM, Chrysler and Ford vehicles
